

## TEACHERS POINTED BY SCHOOL HEADS

MARY LOU HESS WILL BE  
NEW TEACHER FOR VO-  
CATIONAL SEWING

THE FACULTY IS GIVEN

Wilma Jean Chambers to Teach  
National Foods; Miss McCuaig  
Is New Librarian

Officials announce that  
of the four vacancies in the  
school teaching staff for the  
term 1940-41 have now been  
filled. Two of the vacancies are in  
the economics department as a  
result of the resignations of Miss  
Lou Schott and Mrs. Evelyn  
McCullough. In filling these  
vacancies school officials made every  
effort to select the best possible  
candidates. Miss Mary Lou  
Hess has done outstanding work  
in the county as supervisor of  
home economics in the Bain-  
bridge high school. Miss Hess was  
recommended both by Purdue Uni-  
versity and the district supervisor as  
one of the top ranking persons  
in the state in this field. She is a  
graduate of Purdue and her home  
address here on June 3rd.

Wilma Jean Chambers of  
Ellettsburg, a graduate with  
honors from Indiana Uni-  
versity, was appointed to the as-  
sistant home economics position. Miss  
Hess was selected after all of  
the applicants had been in-  
terviewed. The strong qualifications  
of Miss Chambers are reflected in the  
fact that she was offered a similar  
position in other Indiana cities but  
she accepted the Greencastle offer.  
Her report for duty August 12th.  
Miss Martha McCuaig, librarian,  
has been in the same position here  
for the past several years at the  
Greencastle High School, was ap-  
pointed to succeed Mrs. Virginia Mathes  
in the same position here.  
Miss McCuaig will receive her L. S.  
(Library Science) degree at Illinois  
University this summer. She pre-  
sented about twice as much special  
library training hours as any  
other available candidate. Her other  
qualifications were of the same high  
order.

Her successor to Mr. Goldsberry,  
Miss retiring, has not as yet been  
selected.

## PIPE FROM STONE AGE FOUND IN FIELD

Crawford Sells of Russell town-  
ship, recently found an old stone  
pipe which may be very valuable,  
as it was said he had already re-  
ceived an offer of \$100 for it.

The pipe represents an age many  
hundreds of years back, it is be-  
lieved and is a perfect specimen.  
Miss Mary Sells had it on display  
here yesterday. Those who have vis-  
ited museums, such as the Field at  
Chicago, report having seen nothing  
like it.

## Children Of Jones Sch. Had Program

One of the final events of the  
school year, and one in which the  
children of Jones School always an-  
ticipate, was held in the auditorium  
of the school Wednesday morning  
at nine o'clock.

A program consisting of playlets  
and songs, given by the first grade  
children of the school, under direc-  
tion of their teacher, Miss Melick,  
was enjoyed by everyone.

After the program candy was given  
to the children whose birthdays  
had not been observed this year.  
Ribbons for the field day events  
were presented to the winners. Cer-  
tificates of attendance and small  
gifts were given to the following  
children who had perfect attendance  
for the entire year: Anna Mae Can-  
della, Marguerite Davis, Ruth Ann  
Kauble, Cecil Smith, Howard Har-  
ris, Madge Austin, Charlotte Pat-  
terson, Harry McGowan, John Shil-  
lings, Donald Barnett, Manley Lee,  
Betty Jean Knauer, Winifred Fell,  
Bobbie Lee Smith, Dickie Austin and  
Barbara Hedge.

In answer to the appeal of the  
Red Cross for funds it was voted  
by the Junior Red Cross Council of  
the school to donate \$5.00 to this  
fund.

## Oil Conditions Are Encouraging

REPORTER ASSURED WELL  
WILL BE CARRIED DOWN  
TO LAST FORMATION

That conditions at the oil-test well  
being drilled on Ed Cooper's farm  
on the National road, west of the  
intersection with road 43, are at  
least mildly encouraging was gath-  
ered from a conversation with C. L.  
Williams, one of the promoters, to-  
day.

Mr. Williams himself used the  
term "wild cat well," in referring  
to this venture of himself and Frank  
Lycens, also residing in Ohio, into  
the sub-strata of Putnam county's  
part of the crust of the earth.

The well, which is now 1,503 feet  
deep, passed through 407 feet of Ni-  
agara limestone and the drill stop-  
ped yesterday, temporarily, when  
its point was ten feet in the Cincin-  
nati green shale, which is immedi-  
ately under the Niagara, the latter  
being a part of the Silurian system  
of formations.

The Niagara was encountered at  
a depth from the surface of 1,033  
feet, and was left behind in the drill-  
ing, at a depth of 1,493 feet.

"The well is showing some charac-  
teristics of other wells I know about,  
in which oil has been found," Mr.  
Williams said.

We had showings of oil and gas  
at ten or twelve places in the Niaga-  
ra but the water has bothered us  
nearly all of the time. The water  
has kept us from making an accu-  
rate check on the oil indications.  
In fact," he said, "we have had to  
pull the casing seven times because  
of water."

"We have stopped this time to  
bore out the water again, and to  
sink the casing again, when we will  
begin drilling. Some of the water  
has been sulphurous, or sour, as we  
call it, and some of it has been  
sweet, but, whatever kind it was, it  
interfered with our progress."

"There have been some slight  
showings of gas and oily scum most  
of the way, lately, and we consider  
the well a good live prospect, but  
there is nothing yet that we con-  
sider a positive indication of a pro-  
duct."

Mr. Williams told of the drill  
passing through an unexpected 30-  
foot formation that was chalk-like  
in character, which, in past ages,  
had infiltrated into a cavity washed  
out in the Niagara. "It was almost  
like white paint," he remarked, and  
added, "it is unusual."

"This green shale we found some  
65 feet higher than it was found in  
the Stanolind company's well in  
western Putnam county," Mr. Wil-

## DR. YUNCKER TELLS LAST EXPERIENCES

EXPLORED PARTS OF THE  
WORLD WHERE NO BOTAN-  
IST HAD BEEN BEFORE

WAS AWAY ELEVEN MONTHS

Trip Took Him To Hawaii And Then  
On Into The Southern  
Pacific

Dr. Truman G. Yuncker, DePauw  
scientist, is at home again from an-  
other of his thrilling expeditions into  
far parts of the world where there is  
vegetation of interest to the botanist.  
Three other such trips took him into  
Central America, principally Hon-  
duras, but this latest of his voyages  
was into the Southern Pacific, where  
his botanically-inclined instincts re-  
velled in the opportunities that were  
before him. One area was given  
territory, as far as studies of its  
plant life are concerned, and he went  
into other regions which had been  
only partly developed, by botanists.

On this latest trip he was away  
from home eleven months and he  
traversed between 15,000 and 20,000  
miles of the earth's surface—from  
Greencastle back to Greencastle. It  
took him first to Hawaii for some  
three months' stay, then on into the  
Southern Pacific, first to Samoa,  
where, domiciled with royalty and  
dining at the royal "table," he made  
an intensive study of Samoan plants,  
then on to the smaller island of Nieu,  
visited by Captain Cook on one of  
his exploratory voyages. There Dr.  
Yuncker had the thrill of knowing  
he was the first "professional" bot-  
anist ever to visit the island to study  
its vegetation.

Dr. Yuncker, with his face browned  
by the sun and the wind of the  
Southern seas, with no lines of care  
showing on his countenance, with  
his contours of figure well-rounded  
and with his eyes clear and bright,  
is a living proof of the healthfulness  
of such foods as taro, breadfruit and  
bananas as a three-meal-a-day diet,  
with a bit of fresh pork on gala days,  
and with any desired amount of the  
very popular native drink, kava,  
made from the root of Piper metin-  
sium, and which is most positively  
non-stimulating and even possibly  
narcotic in its effects he said. It  
contains no alcohol and the natives  
like it.

Asked if he himself liked taro and  
breadfruit on his menu every day,  
Dr. Yuncker's courteous regard for  
the sensitiveness of the feelings of  
his host in Samoa—Chief Tufele—  
may have stopped a verbal response  
to the query, but the scientist gave  
a very perceptible shrug of his  
shoulders—a shrug acquired possibly  
on one of his visits in Paris, or in  
Samoa itself, or even here at De-  
Pauw—but, wherever it was learned  
by him, it gave a mute negation to  
the question.

Dr. Yuncker, in Samoa, lived prin-

## ROACHDALE LIONS CLUB HAD MEETING

The Lions Club of Roachdale had  
an especially enthusiastic meeting  
Tuesday evening, it marking the  
opening of the active work of the  
members in preparation for their an-  
nual Fourth of July celebration. All  
of the members were assigned to  
teams, which will canvass for funds  
and will function otherwise in con-  
nection with the celebration. The  
latter will begin July 3 and will con-  
tinue through the 4th. There will  
be the customary concessions, enter-  
tainment features and it is the plan  
to have two of the best political  
speakers in the state attend and  
spellbind the crowds on the issues of  
the day, giving both Republican and  
Democratic viewpoints.

The fireworks on one of the even-  
ings will be an especial feature.

At the club meeting, Tuesday  
evening, badges were distributed for  
perfect attendance during the year,  
and fifty per cent of the members  
received the mark of honor. The In-  
ternational Harvester company  
showed two reels, one picturing  
scenes of exploration in Darkest  
Africa, and the other being a hum-  
orous feature.

## Riley Hospital Conference Held

PURPOSE OF THE MEETING  
WAS TO DISCUSS CASES  
FROM PUTNAM COUNTY

A conference of importance to  
many persons in Putnam county  
which was held in the law library of  
the court house in Greencastle, Tues-  
day, was attended by Judge William  
M. Sutherland, of the Putnam Circuit  
court in which is included the juve-  
nile court; Paul Albin, connected  
with that court; Mrs. Huggard and  
Mrs. Arnold, members of the central  
health committee of Putnam county;  
Miss Pauline Smith, city health  
nurse; and Superintendent Paul Bos-  
ton, head of the Greencastle schools,  
and also by John Van Nuys, M. D.,  
director of admissions at the Indiana  
University Medical Center, Indianap-  
olis, and E. J. Shea, assistant to the  
administrator at the medical center.

The purpose of the meeting was to  
discuss the Riley and adult hospital  
cases from Putnam county.

Dr. Van Nuys stated that there  
are over 1100 cases on the Riley  
waiting list from over the state.  
Putnam county has several cases  
waiting for tonsilectomy which Dr.  
Van Nuys stated were to be taken  
care of in the very near future. It  
was suggested that possibly tonsil-  
lectomy cases should be taken care  
of locally, if the matter of expenses  
could be adjusted. Dr. Van Nuys  
also stated that all other cases other  
than tonsilectomy could be given  
rather rapid service in the Riley  
hospital. The Riley hospital has clinic  
facilities and handle a great number  
of clinic cases from over the state  
and anyone needing out-patient clinic  
services could be given prompt  
service.

In answer to questions propounded  
to him, Dr. Van Nuys stated that the  
Riley Hospital could not take pri-  
vate cases but only such patients as  
are "medically indigent." He ex-  
plained that this term does not nec-  
essarily mean that the families con-  
cerned are indigents as regards us-  
ing the hospital.

## REPORT ALLIES HAVE TAKEN NARVIK AND EXPEDITIONARY FORCES ARE STILL INTACT

ADOLF HITLER MAY ATTEMPT TO PERSUADE KING LEOPOLD TO  
RETURN TO BRUSSELS AND FORM NEW CABINET  
WHICH WOULD COOPERATE WITH GERMANY

GERMANS CLAIM TO HAVE CAPTURED LILLE & ARMENTIERES

High Command Asserted That "Fate Of The Artois Gap Has Been Sealed"  
Meaning That Allied Forces Trapped In Belgium Were  
Faced With Annihilation Or Surrender

PARIS, May 29.—(UP)—Retreat-  
ing yard by yard under a relentless  
German attack, fighting for its life  
against the threat of complete en-  
circlement, the allied army of the  
north was reported today to be hold-  
ing its own and inflicting tremendous  
losses on the Germans.

PARIS, May 29.—(UP)—The Seine  
court martial today began trial in  
absence of the Baroness von Eimern  
—the former Reissa von Scheun-  
schloss—on charges of attempting  
to organize a fifth column in France  
as personal emissary of German  
Propaganda Minister Paul Joseph  
Goebbels.

PARIS, May 29.—(UP)—Adolf  
Hitler may attempt to persuade King  
Leopold to return to Brussels, dis-  
miss his cabinet whose members  
have repudiated his surrender, and  
form a new one which would cooper-  
ate with Germany, Belgian leaders  
reported today.

BERLIN, May 29.—(UP)—The  
German high command today claim-  
ed capture of the great French in-  
dustrial and military center of Lille  
and the important channel port of  
Ostend, "sealing the fate" of the  
trapped northern allied army.

The German forces were smashing  
through the Artois gap after the  
capitulation of Belgian forces on  
orders from King Leopold despite  
admitted desperate resistance on the  
Yser canal, north of Ypres.

The high command asserted that  
the "fate of the Artois gap has been  
sealed," meaning that allied forces  
trapped in Belgium and northern  
France were faced with annihilation  
or surrender.

Lille was taken by forces closing  
in from both the east and west the  
communique issued from Fuehrer  
Adolf Hitler's headquarters said, and  
the famous World War town of Ar-  
mentieres northeast of Lille, fell to  
German arms.

### MRS. BASSETT DIES

Charles Rector received word this morning of the death at Long Beach, Calif., of Mrs. Lida Bassett, second wife of the late Dr. T. J. Bassett, the latter being a well known minister of the Methodist church in Indiana through many years, and closely connected with Asbury and DePauw universities.

The death of Mrs. Bassett occurred May 25, and she had expressed a desire to be buried by the side of her late husband, in Forest Hill cemetery. He died at Monticello, this state, August 18, 1922, at the time Mr. Rector resided in that city.

The funeral party will leave Long Beach Friday afternoon over the Southern Pacific and will arrive in Greencastle on the Pennsylvania railroad about 1:30 o'clock Monday afternoon. The interment at Forest Hill will be delayed until the arrival from Chicago of the Monon afternoon train, on which relatives will come for the funeral. After that train's arrival, burial services will be held at the cemetery, probably a little before 3 o'clock.

The first Mrs. Bassett was Miss Anne E. Ridpath of Greencastle, who died February 7, 1906. Dr. Bassett and Miss Lida A. Bucher, whose death has just occurred, were married November 7, 1907. Her home was at Sunbury, Pa.

Dr. Yuncker left Greencastle June, on a year's leave of absence from DePauw, accompanied by wife and daughters, and all of them remained in Hawaii until September when the ladies returned to Greencastle and he went on alone into southern reaches of the Pacific to make his studies in the glacial lands of that distant part of world.

**ALL FEAST FOR YOUR FAMILY**

Here's a slick main course dish for those crisp fall days you'd rather be outdoors than indoors. It's a big platterful of macaroni with ham and mushroom toppings that take just a twirl of an opener and a couple of minutes on the stove to turn out triumph. To prepare:

**MACARONI WITH HAM AND MUSHROOMS**  
Boil fresh mushrooms until tender in 4 tablespoons butter.

Finely diced boiled ham or tongue, small onion, scraped or finely diced.

Continue cooking until slightly brown.

Heat thoroughly—medium (17 oz.) can cooked macaroni in cream sauce with cheese.

fish by contrast with its tart and spicy savor. So take a firm head of iceberg lettuce and cut the whole head into inch square cubes. Toss lightly into a lettuce-lined salad bowl, then glisten the leaves with this tasty tomato ketchup dressing:

**ALL-PURPOSE FRENCH DRESSING**

Combine—  
1 teaspoon salt  
2 tablespoons tomato ketchup  
2 1/2 teaspoons powdered sugar.  
Add alternately, beating well after each addition—  
2 cups orange juice  
1/4 cup lemon juice  
1/2 cup salad oil  
2 tablespoons pure olive oil

**LARUPPY AND LADY-LIKE**  
To top off this feast, serve your family dainty, sunny-colored lady fingers or strips of sponge cake crowned with lavish spoonfuls of Uncooked Fruit Whip. Split two lady fingers for each serving and arrange halves on a lace paper doily centered on a dessert plate. Then prepare this fruity flavored frosting from a canful of ready-to-serve strained pears and pine-apple. It's cool, quick and colorful!

**UNCOOKED FRUIT WHIP**  
Whip—  
1/2 cup whipping cream.  
Combine, then fold into whipped cream—  
1/4 cup sugar  
1/2 can strained pears and pine-apple  
2 tablespoons lemon juice.  
Serve over lady fingers, or sponge cake cut into strips.

\*Strained pears or strained apricots and apple sauce may be substituted, decreasing lemon juice to 1 teaspoon.

Coca-Cola, — ice-cold in familiar red coolers, — is around the corner from anywhere. Simply because millions welcome the pause that refreshes with ice-cold Coca-Cola. They like the clean, pleasing taste of this drink familiar to all. And they like, too, the refreshed feeling that follows its tingling goodness.

## WHAT'S IT WORTH? (ABOUT \$300 MORE!)

ANY WAY you look at it—it will pay you to own a new Nash. It alone has the 99 H.P. Manifold-Sealed engine that took a "first" in the 1940 Gilmore-Yosemite Run with 23.76 miles per gallon. It alone has that smooth new Arrow-Flight Ride, Sand-Mortex Soundproofing. No other sedan near its price has provision for a big Convertible

Bed... or has a 7-bearing crankshaft, the extra weight, the double frame, that mean so much in comfort.

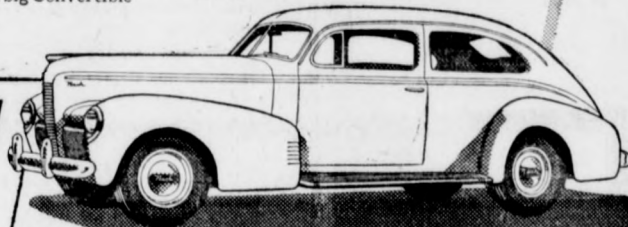

To get all this in another car, you'd have to pay about \$300 more. But it's "standard" with Nash—and extra value when you trade. Take a look—take a ride in a 1940 Nash today!

#### Previews and Reviews AT LOCAL THEATERS

##### Voncastle

Bob Burns, with his bazooka and his homely, humorous stories about the kintfolk back yonder, returns to the screen in the new comedy, "Alias the Deacon," which opens Wednesday and Thursday at the Voncastle.

In contrast to his more recent screen roles, Burns is distinctly himself in "Alias the Deacon." He is the same friendly and comic philosopher who has made his relatives world famous since he emerged a few years ago from Van Buren, Ark., to tell about them.

Comedy situations are heightened by the presence of Mische Auer, who appears with Burns for the first time. As the volatile barber of an oil boom town, Auer helps Burns solve the difficulties of some troubled friends by outwitting a group of small-time crooks.

Domestic O'Keefe and Peggy Moran provide the romantic interest, and O'Keefe pairs with Guinn "Big Boy" Williams in a desperate ten-round prizefight that proves the action highlight of the picture.

**IF YOU'RE ENTERTAINING FOR A JUNE BRIDE**

Here is a dessert that will add distinction to your party for the June bride... or to any other very, very special occasion. I like to think of it, however, as designed particularly for bridal affairs... because it's such a dainty ethereal creation.

When it comes to the table you see what appears to be a big cake, covered with fluffy whipped cream and garlanded—not with orange blossoms this time, but with rosy apricot halves wreathed with cool mint leaves.

As the hostess cuts into this "cake"... you see a layer of dainty apricot-colored filling next to the whipped cream, then white, light-as-asthicle-down angel food cake... with more of the lovely apricot filling at the very center. When you taste it, you'll discover this center apricot filling is really ice cream. That's why the dessert is called, "Apricot Ice Cream Filled Angel Food Cake."

**APRICOT ICE CREAM FILLED ANGEL FOOD CAKE**

One 9-inch Angel Food Cake  
1 quart vanilla ice cream  
2 cups apricot puree  
1 cup whipping cream (½ pint)  
6 fresh apricots  
Mint leaves

Place the cooled angel food cake with the larger surface at the bottom on a large serving plate. Cut the entire top from the cake, about 1 inch down. Lift off this top layer. Remove the center from the main part of the cake by cutting down into the cake 1 inch from the outer edge, and 1 inch from the middle hole, leaving a 1-inch wall. Remove this center with a curved knife or spoon, being careful to leave a wall of cake at the bottom about 1 inch thick.

**FILL CAVITY WITH ICE CREAM**

Fill this cavity with apricot ice cream (see recipe and directions for making below), pressing it in carefully.

Replace the top and spread a coating of apricot puree over the top and sides of the cake.

Whip the cream until stiff, sweeten it slightly with a little confectioners' sugar, and spread it over the apricot puree on top and sides of cake. Cut rosy-cheeked fresh apricots in half. Remove pits and arrange half, rounded side out, at intervals around the base of the cake... pressing them lightly into the whipped cream. Around each apricot half, arrange fresh mint leaves. Chill in the refrigerator until time to serve (30 to 45 minutes). The refrigerator must be very cold or the ice cream will melt. This makes 12 generous servings.

**APRICOT PUREE**

Wash ¾ lb. dried apricots, and allow them to soak in 2 cups warm water for several hours. Let simmer in same water until soft (about 30 minutes). Add enough sugar to sweeten (about 2 to 4 tsp.). Press through a sieve. Cool. This will make about 2 cups.

**APRICOT FLAVORED ICE CREAM**

To 1 quart of vanilla ice cream, add 1 cup cold apricot puree... blending it in quickly so as not to melt the ice cream too much. Place mixture in freezing tray of mechanical refrigerator or re-pack it in dry ice (or in ice and salt) until firm (about 1 hour).

**HOME-MADE APRICOT ICE CREAM**

Mix together ½ cup sugar, 4 tsp. all-purpose flour, and ¼ tsp. salt. Blend with 1 cup scalded milk and cook over hot water until mixture thickens slightly (about 20 minutes). Cool. Blend in 1 cup cold apricot puree. Fold in 1 cup stiffly whipped cream. Blend thoroughly. Pour into tray of mechanical refrigerator and freeze until firm, stirring 2 or 3 times before mixture is completely frozen. Or place in hand freezer (using 3 parts ice to 1 part salt), and freeze. This makes enough ice cream for 6 servings or for the filling for the angel food.

**Poppy Award**

One hundred dollars a month for the rest of her life has been awarded by the American Legion to Miss Moina Michel of Athens, Georgia, who created the custom of wearing poppies in honor of the World War dead, Sarah M. Long, Poppy chairman of the local American Legion Auxiliary unit, has announced.

The action was taken at the May meeting of the Legion's National Executive committee. Miss Michael, who is 72 years old already had received the Auxiliary Distinguished Service Medal in recognition of her services.

Poppies were first worn as a memorial flower for the war dead on November 19, 1918, the day before the war ended. Miss Michael, who was then serving at Y. M. C. A. headquarters in New York City, was inspired by the poem, "In Flanders Fields," and purchased poppies which she distributed to the men about the headquarters.

When Miss Michael returned to Georgia, after the war, she took the memorial poppy idea with her. The Georgia Department of the Legion adopted the poppy as its memorial flower in 1920 and sponsored its adoption by the National organization that same year.

**Wonder whatever became of....?**

**Did his classmates lose track of him?**  
How could they? He was the sort of friend that all of us would want to keep... mostly because of his understanding slant on life and people and things. He was active in athletics, yet his studies never suffered... nor did overwork cheat him of recreation and relaxation. Light-hearted, yet serious when problems faced him... always master of his worries. He avoided idlers, but added constantly to his circle of sincere friends. He was courageous without being cocksure... moderate in all things. Everybody said he'd make good. He has.
